Early Childhood Summer Program, Week 1

THIS WEEK AT WITS

AT HOME ACTIVITIES

While reading at home, ask your child if they recognize any of the letters on the page.

After reading, ask them to write their own name on a sheet of paper, then have them find the letters in their name in the book!

The Three Billy Goats Gruff

This week at WITS, students read several different versions of the fairy tale The Three Billy Goats Gruff. They also practiced letters A through J as a group, working on recognizing those letters and practicing their sounds.

Students began working on naming the different parts of books: front cover, back cover, spine, title, author, and illustrator. These are important concepts for children beginning to get comfortable with books!
